BUILDING IS A SUPERPOWER!

Forging with LEGO® bricks is a type of forging that you can do in your living room! If you can build it, then you are truly worthy. The hammer comes with three extra hidden treasures inside and a stand with translucent blue bricks to resemble lightning crackling underneath it. Please be warned that if you throw it, it's not likely to return to your hand (in one piece), but rebuilding might just be an even bigger superpower...

Jesper C. Nielsen
Creative Lead

LA CONSTRUCTION EST UN SUPERPOUVOIR !

Vous pouvez forger avec des briques LEGO® dans le confort de votre salon ! Si vous pouvez le construire, vous êtes digne de le brandir. Le marteau comprend trois trésors cachés à l'intérieur et un support avec des briques bleues translucides pour rappeler des éclairs crépitants. Si vous le lancez, il est peu probable qu'il revienne dans votre main (en un seul morceau), mais le reconstruire pourrait être un superpouvoir encore plus grand...

Jesper C. Nielsen
Responsable de la création

¡CONSTRUIR ES UN SUPERPODER!

¡Crear objetos con bricks LEGO® es un tipo de forja que puedes hacer en tu propia sala! Si puedes construirlo, entonces eres verdaderamente digno de ello. El martillo incluye tres tesoros ocultos en su interior y un soporte que integra bricks azules translúcidos a modo de rayos que crepitan debajo. Ya te adelantamos que, si lo lanzas, no es probable que vuelva a tu mano (de una pieza), pero reconstruirlo puede concederte un superpoder aún mayor...

Jesper C. Nielsen
Director creativo

**"WHOSOEVER HOLDS THIS HAMMER, IF HE BE WORTHY,
SHALL POSSESS THE POWER OF THOR." – ODIN**

Forged from the heart of a dying star by the Dwarves for the Asgardian Royal Family, Mjöllnir, the enchanted war-hammer, is a weapon of great power. Along with giving the wielder of the hammer incredible strength and durability, Mjöllnir can also manipulate lightning by either channeling its own electricity or drawing the power of the lightning from the surrounding environment. In a world of many, few people have been worthy enough to wield, or even lift, the hammer. For a short period of time, when he was exiled to Earth as a mortal by Odin, even Thor couldn't lift Mjöllnir! Will you be among the chosen, worthy few?

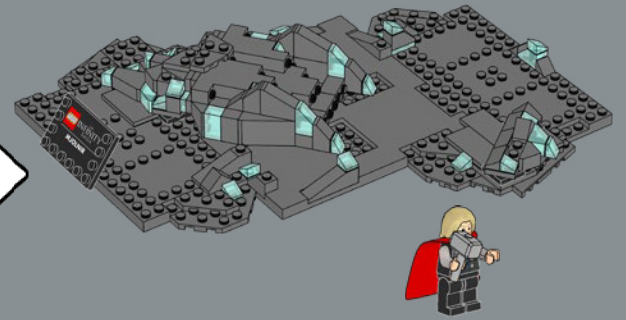

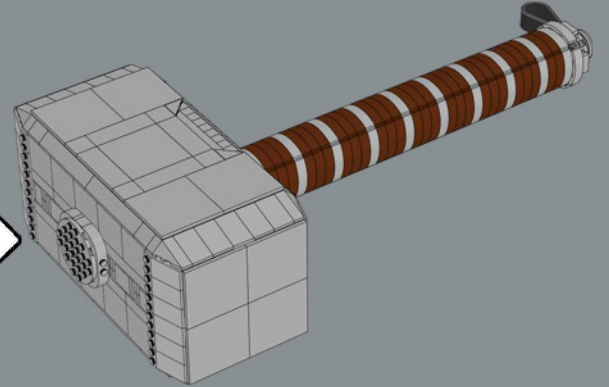

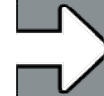

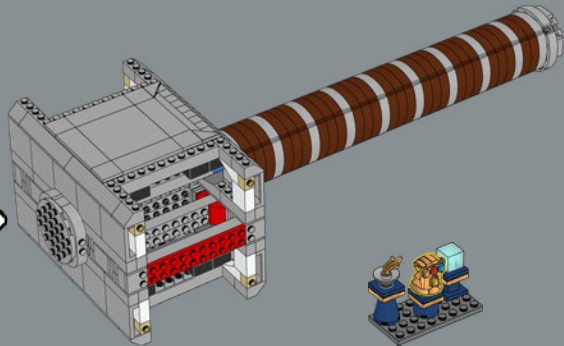

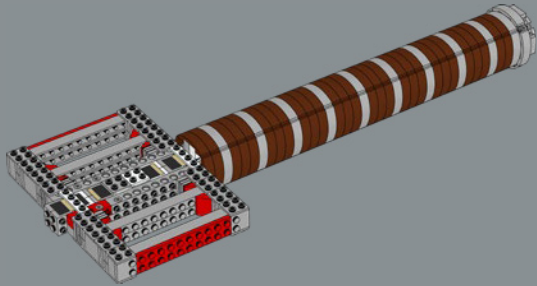

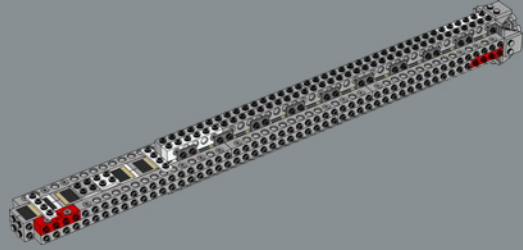

**« QUICONQUE POSSÉDERA CE MARTEAU, S'IL S'EN
TROUVE DIGNE, RECEVRA LE POUVOIR DE THOR. » – ODIN**

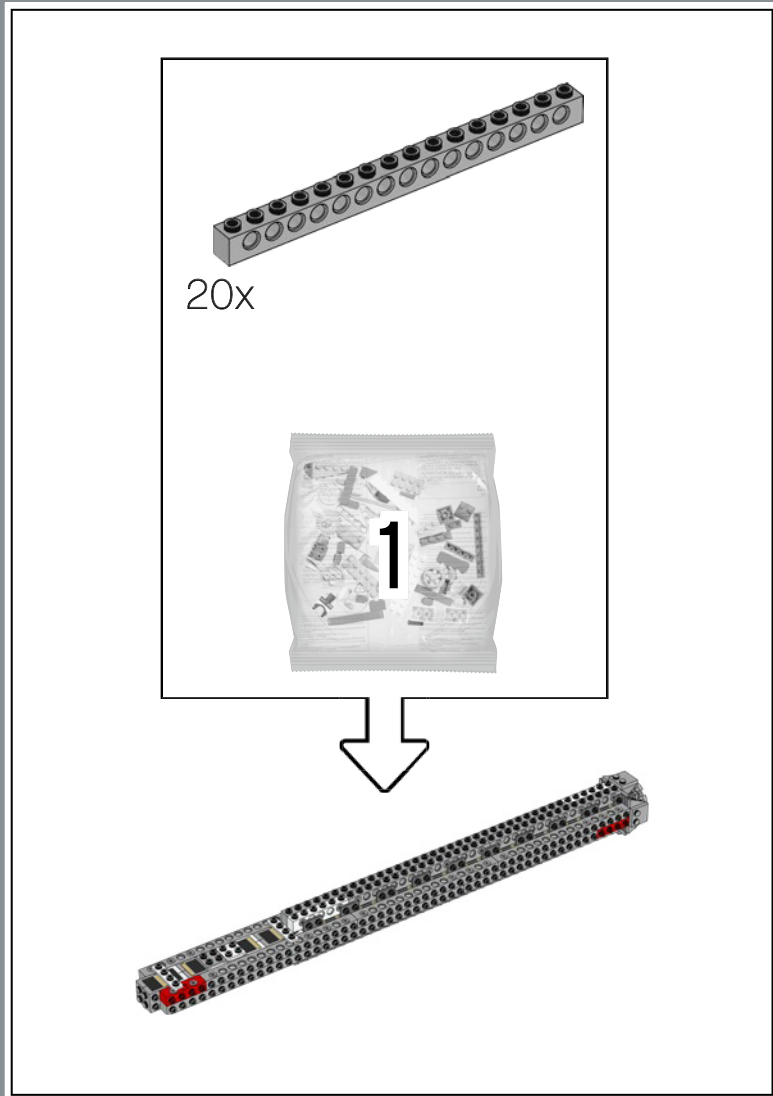

Forgé au cœur d'une étoile mourante par les nains pour la famille royale asgardienne, Mjöllnir, le marteau de guerre enchanté, est une arme d'une grande puissance. En plus de conférer à son porteur une force et une robustesse incroyables, Mjöllnir peut également manipuler la foudre en canalisant sa propre électricité ou en puisant la puissance de la foudre dans l'environnement. Peu de gens se sont avérés dignes de manier, ou même de soulever, le marteau. Pendant une brève période, alors qu'il est exilé sur Terre en tant que mortel par Odin, même Thor ne peut pas soulever Mjöllnir ! Serez-vous parmi les quelques élus dignes de le manier ?

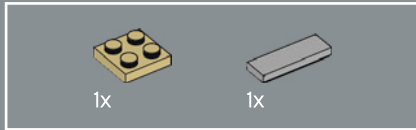

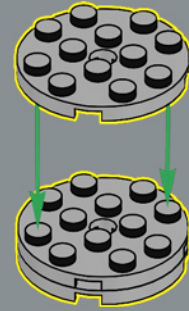

**"QUIEN OBTENGA ESTE MARTILLO, SI ES DIGNO DE ÉL,
POSEERÁ EL PODER DE THOR". – ODÍN**

Forjado a partir del corazón de una estrella moribunda por los enanos de la familia real Asgardiana, el martillo de guerra encantado Mjöllnir es un arma de gran poder. Además de otorgarle a su portador una fuerza y una resistencia increíbles, el Mjöllnir también puede manipular los rayos, ya sea canalizando su propia electricidad o concentrando el poder de los rayos de su entorno. En un mundo de muchos, pocas personas han sido lo suficientemente dignas como para empuñar el martillo, o siquiera levantarlo. Durante un breve período de tiempo, cuando fue exiliado a la Tierra como mortal por Odín, ¡ni siquiera Thor fue capaz de levantar el Mjöllnir! ¿Estarás tú entre los pocos y dignos elegidos?
